

THE NEXT EVENTS IN ASIA FOR THE COSMOPROF NETWORK

The international exhibition dedicated to the beauty industry is increasing its presence in Asia, to maximize the new opportunities offered by local markets

December 2019 - **Cosmoprof Worldwide Bologna**, the best performing B2B event for the beauty sector in the world, organized by the BolognaFiere group, consolidates its presence in Asia, as part of its development strategy in the world.

It is on the Asian continent that the most important growth percentages for the beauty sector are recorded. According to Euromonitor International, a market research company, the countries in the area cover 32% of the cosmetic market worldwide, and in the coming years an average annual growth of over 6% is expected.

"In Asia, the cosmetics industry continues to grow - says **Gianpiero Calzolari, President of BolognaFiere Group**. – Together with consolidated markets such as China, South Korea and Japan, there are new emerging ones, which can offer profitable business opportunities for the over 10,000 companies and 500,000 operators of the international community of Cosmoprof Worldwide Bologna. For this reason, in collaboration with our partner Informa Markets, we are developing specific events for each Asian market, in order to offer the most appropriate tools to beauty professionals".
